[Click Here](#)

Reminder that while NBRC's Grant's Management System is not quite open yet do not delay in starting your pre-application. Steps you can take to ready your pre-application for the opening of NBRC GNS:

- Read the program manual front to back.
- Identify if your entity is eligible to apply, if the location of your project is in an eligible area, and if your project is an eligible use of funds.
- Determine how your project aligns with NBRC Priorities, State of NH Economic Expansion & Recovery Strategy and North Country CEDS.
- Take a look at the Application Support Documents located here - <https://www.nbrc.gov/content/administration>.

If you have questions about aspects of a project you are developing, you might need a brainstorming partner or information about funding sources.
